

Sinclair  
Broadcasting's  
should not be  
allowed to to air  
the anti Kerry  
program. This is  
direct  
electioneering by a  
private company.  
They use public  
airwaves, if they  
are going to air  
this program they  
should be required  
to air an anti bush  
program on the same  
day at the same time  
for the same time  
period unedited and  
commercial free.  
Broadcast stations  
are granted their  
license in part to  
serve the public  
interest. does this  
represent the public  
interest, airing  
only one side of an  
election two weeks  
before election? If  
they air this and  
refuse to provide  
equal time, their  
broadcast license  
should be revoked.
